

MODEL AIRPLANE STRIP RULES

- 1) The model airplane strips are available for use throughout the year during normal park hours.
- 2) Persons utilizing the facility must maintain complete control of their equipment at all times.
- 3) Persons must furnish their own equipment when utilizing the strips.
- 4) No "buzzing" of Park facilities and individual persons or cars is to take place.
- 5) The model airplane strips are not reserved except for those activities approved by the CERA Board of Directors.
- 6) Persons desiring to utilize the strips for special events are asked to submit a request for such use to the General Manager.
- 7) The same two frequencies are not to be utilized when two or more individuals are flying radio controlled equipment.
- 8) All equipment is to be flown over the open fields adjacent to the model airplane strips being utilized. Equipment should not be flown over other areas of activity such as picnic areas, Park roads, trap range, camping areas, etc.
- 9) All radio-controlled units must register at the Main Gate or Sports and Fitness Center.
